HILLCLIMB CHAMPIONSHIP

FERRARI OWNERS' CLUB OF GREAT BRITAIN

2025 – CSA Service Group FERRARI HILLCLIMB CHAMPIONSHIP
SPORTING & TECHNICAL REGULATIONS
DRAFT COPY

INTRODUCTION

The CSA Service Group Ferrari Hillclimb Championship is open to all production road-legal cars built by Ferrari. The Sporting & Technical Regulations with all-inclusive Performance Equaliser Percentages (PEP) and Success Equaliser Percentage (SEP) formulas are intended to encourage close competition between as many types of Ferrari and Driver as possible.

Non-road legal and modified Ferraris are welcome to enter on an invitational non-scoring basis.

1.6 Scoring:

- 1.6.1 Performance Equaliser Percentage (PEP) - To determine placings for competition point scoring a PEP factor (using the F430 series cars as a zero reference) will be applied to competitors' course times where appropriate as indicated in the chart below. For any car not listed an appropriate PEP will be determined by the Championship Organiser.

Results will be compiled following each Event, listing the times and positions of Championship contestants relative to one another and exclusive of other competitors' results. Competitors' final Championship points total shall be the total of their best **ten (10)** Event scores.

Championship points will be awarded on the basis of the fastest time achieved in the official Event runs and will be as follows: First place scores 20 points, Second place scores 17 points, Third place scores 15 points, Fourth place scores 13 points. All subsequent places drop back one point at a time to a minimum score of one point for each starter. These scores will apply regardless of the number of starters. Only Championship registered competitors will count as 'starters' provided they have crossed the start line on **at least one** run.

Success Equaliser Percentage (SEP) – To encourage close competition the driver finishing in first position at each Event (following PEP being applied) will have an additional 2% applied to their respective PEP at the next Event in which the driver participates. SEP is not accumulative and will be removed following the next Event in which the driver participates unless the driver finishes in first position in the Event. For the avoidance of doubt, SEP is not carried forward to subsequent years and therefore no driver will be subject to SEP during Event (Round) 1.

488 Pista, 296 GTB/S	Plus 6.5%
SF90	Plus 7.5%

- 1.6.2 Resolving Ties – Where two competitors have identical fastest times to two decimal places, the second fastest run will determine their relevant placing. If the second run is also identical to two decimal places, then the fastest practice run will be considered. A Championship award tie will be resolved by taking account of **an eleventh** Event score. If necessary, a **twelfth and thirteenth** Event score(s) will be considered.
- 1.6.3 Championship Points Appeal – Should a competitor disagree with the points awarded and be unable to resolve this to **their** satisfaction in the first instance with the Championship Co-ordinator, **they** may lodge an appeal in accordance with **NCR Chp.2 App.5 Art.2**.

1.7 Awards:

- 1.7.1 The highest scorer overall will win the Ferrari Owners' Club FRANK BOTT TROPHY. Both Second and Third will win editions of the Essex Challenge Cup (these being perpetual trophies).
- 1.7.2 Non-perpetual awards may be presented by the FOC or other third parties such as sponsors for First, Second and Third placings. Other awards and mementos will be presented at the end of the **Championship**.
- 1.7.3 Numbers and Championship Decals – To qualify for awards Competitors must display in unaltered form the Championship competition number door panels, excepting those cars where this is physically impossible, in which case the logo and text must be adjacent to the Competition number on each side of the car. The registration plates of the competing car must also carry the Championship sponsor's decal. All decals must be in place during practice and timed runs. The use of any decals or advertising material, other than the Championship sponsors, will not be permitted except in exceptional circumstances in which case this must be applied for in writing to the Championship Co-ordinator. Competition numbers must be removed or completely covered before driving on public roads.

2. SPORTING REGULATIONS - JUDICIAL PROCEDURES

- 2.1 **Rounds:** In accordance with **NCR Chapter 2**.
- 2.2 **Championship:** In accordance with **NCR Chapter 2**.

3. SPECIFIC CHAMPIONSHIP REGULATIONS

- 3.1 By registering for the Championship all competitors and their associates commit to positively promote and demonstrate the **ASN** Respect Code which is appended to these regulations (Appendix 1).
 - 3.1.1 Where any reports of disrespectful conduct are judged to be well founded the Championship Organiser may issue warnings or require remedial actions and/or report the matter **via the Championship Co-ordinator** to the Championship Stewards who may impose appropriate penalties which can include loss of Championship points and/or race bans through to Championship Expulsion and referral to **the ASN Disciplinary Officer who may refer the matter to the ASN National Court (NCR Chapter 2)**.
 - 3.1.2 It is imperative that we promote the safety and wellbeing of young people and adults at risk. In addition to this all participants must be aware of their behaviour and conduct at all times and abusive language and harmful behaviour will not be tolerated. Any such incidents must be reported to the Championship Coordinator and/or Safeguarding Officer who will also relay the report to **the ASN**. Details of the **ASN** Policies and Guidelines are available at <http://www.motorsportuk.org/resource-centre> by selecting Policies and Guidelines.
- 3.2 Due to both safety and environmental concerns, vehicles **must not** be left unattended under any circumstances when the engine is running. A responsible person must be seated in the driving seat at all times when the engine is running.

4. TECHNICAL REGULATIONS

Introduction: The following Technical Regulations are set out in accordance with Motorsport UK requirements. It should be understood that if the following texts do not specify that you can do it, you **must** work on the principle that you cannot.

4.1 Eligible Vehicles

Cars entered must be genuine road cars complying with **NCR Chp.14 App.4 Arts.17-23** and of Ferrari manufacture, excluding cars built specifically for racing by the manufacturer. Chassis number and tipo must be in accordance with Ferrari official records, and specifications must be in accordance with the factory build sheet in all major regards. The Organiser reserves the right to subject the car to examination by the **ASN** Eligibility Scrutineer. Cars must be licensed, fully conform to the Road Traffic Act and comply with **NCR Chp.14 App.4 Art.12 (Road Legal Condition)**.

Permitted Modifications

- (a) Engines – must be to manufacturer's original specification. It is accepted that due to normal wear and tear on older cars some engine overhaul may be necessary. Under these circumstances the use of replacement components / pattern parts to the standard specification is permitted.
- (b) Transmission – No changes to the manufacturer's original specification are permitted.
- (c) Suspension – no alterations to basic system and pick up points and positions thereof. Changes to damper, spring and roll bar specifications permissible. Camber settings not to exceed minus 2 degrees front and minus 3 degrees rear. The ride height of the car shall be within 3cm of the original manufacturer's specification, excepting earlier cars where original tyre equipment was 70 profile and above, in which case it is to be within 5cm.
- (d) Brakes – brake pads are free.
- (e) Wheels – must be listed as original equipment or factory option, rim widths must not exceed 1" beyond the widest original rim, front and rear, and up to 1" increase in diameter. 16" diameter wheels are permitted on 246 and 308 tipo cars. Ferrari F355 standard magnesium wheels may be replaced but must conform to the original dimensions (diameter, width and offset) or use the original F355 Challenge wheels.

Where non-steel wheel nuts are fitted as standard to 348, 355 and 360 tipos as permitted in accordance with ASN Technical Exemption CTE-2024-071 these must be Ferrari part number 163370 with a torque setting of 10 Kgm (98 Newton Meters). On request of an ASN licenced Scrutineer Competitors must be able to demonstrate the torque setting applied at any time during the Competition.

- (f) Tyres – **Any tyre listed in NCR Chp.8 App.4 Lists 1A or 1B. Tyre sizes must be in accordance with those specified by Ferrari for the particular Ferrari tipo and the tyre must be E-marked.** Tyres may not be changed during an Event except in instances of damage or deflation. Static tyre warming or application of tyre softening treatments are not permitted (reference **NCR Chp.14 App.3 Arts.1.1 & 1.2**).
- (g) Seats – must not be removed, but the front seats may be replaced by ones of competition type of similar dimensions to the original.

- (h) Bodywork – must conform precisely to original appearance, and not have any panels or other items substituted with a non-standard lightweight material excepting those offered by Ferrari SpA as production or retro-fit options. Where the original body panels have been replaced by glass fibre items for cost replacement reasons, providing these match the originals dimensionally and cosmetically competitors may apply to the Championship Organiser for consideration of a waiver. For the avoidance of doubt bodywork conforming to original appearance means changes such as specially flared wheel arches or rebodies and replicas are not permitted.
- (i) Interior – trim must not be removed, excepting floor carpets. Steering wheels may be changed to allow for adjustment to suit the driver.
- (j) Exhaust – must conform to normal public highway requirements in respect of noise level and meet the latest Motorsport UK speed hill climb and venue noise regulations. Cars manufactured with catalytic converters must have them fitted and removal is not permitted. A lightweight or performance aftermarket/factory option exhaust is permitted but may be subject to an additional PEP being applied at the point of Championship registration at the discretion of the Championship Organisers.
- (k) Electronic Devices of a kind likely to give an advantage such as launch control and data logging are not permitted unless installed as original equipment. Shift lights however are acceptable.
- (l) Permitted Fuels – Only **Fuel defined in NCR Chp.8 App.1 Art.1.7 a) or b) is permitted.**
- (m) Chassis – must be of Ferrari manufacture and bear the Manufacturer's Chassis Number.

4.2 Special Notes

- 4.2.1 Specially rebuilt or altered engines including reprogramming of engine management systems, together with any chassis changes from the manufacturer's original specification must be declared with full details on the car(s) Registration form. Vehicles with manufacturer option chassis and/or performance upgrades and any other performance enhancing modification may be subject to an additional PEP being applied at the point of Championship registration at the discretion of the Championship Organiser. Piggyback ECUs, "Race Chips" or similar methods of engine management deception are strictly prohibited.
- 4.2.2 Invitation Class – Vehicles not complying with Article 4.1 and/or vehicles prepared in accordance with **NCR Chp.14 App.4 Arts.24-30** (Modified cars) and **NCR Chp.14 App.4 Art.31** (Sports Libre cars) may be accepted at the discretion of the Championship Organiser. If accepted Drivers entering these cars will not qualify for any awards or be eligible to score Championship points and will be ignored for the purposes of points scoring and Event classification.
- 4.2.3 Appearance is an important aspect of the Championship and all vehicles must be turned out to a standard that does credit to Ferrari and the FOC. In the event that a vehicle has sustained bodywork damage, this must be properly repaired in a timely fashion prior to taking part in a subsequent competitive meeting.

4.2.4 Competitors must comply with Event Organisers' regulations, instructions **and Official Documents** including the timing programme of the competition.

4.3 Safety Requirements

Car and driver must meet fully the requirements of the **ASN NCR** for these disciplines. Your attention is drawn specifically to **NCR Chapter 7** and specific requirements for **Sprints & Hillclimbs (NCR Chapter 14)**, with which the car must comply. All appropriate regulations should be taken into account to ensure the car will satisfactorily pass Event scrutineering. Please note that a full safety harness, whilst not mandatory, is strongly recommended.

5. ENVIRONMENTAL CONCERNS

Motorsport UK are exceedingly concerned of the impact of single-use plastic tyre wrapping and with reusable alternatives available competitors are encouraged to reduce plastic usage in this regard. The use of these plastic wraps is prohibited.

Additionally Drivers should refrain from excessively running engines and be mindful of their responsibilities towards the environment when competing.

A socially-minded standard of behaviour is expected from everyone within the motorsport community.

By participating in a Motorsport UK event in any capacity you agree to follow the values of the Respect Code:
